

THE ASIF OUTLAWS

The Asif Outlaws February Addition

Hello and welcome to the first addition of the monthly Asif Outlaws' Newsletter.

These newsletters will keep you updated with our latest gig list as well as information on what the band has been up to in the previous month.

We ended January with two amazing gigs. The first, at Hoodoos in Croydon where we played with CLOUD Dogs, Junkyard Choir and Trevor's Head.

The second at The Brunswick in Hove with The Little Horn and Icarus Falls.

Thank you to everyone who saw us and we are looking forward to coming back to both venues, hopefully later in the year!

For those that don't know,

we have been spending February in the Studio recording our debut album.

We have finished 13 tracks and finished designing the artwork for the cover! Details for the release have not yet been confirmed, but keep an eye on April.

Don't forget to stick the gig dates in the diary and we look forward to seeing you all again soon!

Upcoming Gigs

March 4th—The Star (Horsham)

March 18th—The Hobbit (Southampton)

March 24th—The Junction (Redhill)

May 4th—(TBC)

May 20th—The Oval (Croydon)

June 11th—The Pier Hotel (Bognor Regis)

How goes the Recording?

We have been spending our Weekends in Royal Tunbridge Wells with PJ (the old drummer from the anti-nowhere league) at the helm.

So far we have ripped the handle off the front door twice, blown the fuse box,

managed to burn out a guitar amp, had our lead roadie taken out of commission in a motorbike accident, and somehow managed to record 13 awesome tracks.

We were joined by the lovely Léanie Kaleido who has pro-

vided some additional vocals. In the last couple of weeks.

We are sounding bigger and tighter than ever. Prepare for the masterpiece!
